

G.S. Mandal's

Marathwada Institute of Technology, CIDCO, Aurangabad

Action taken Report on the feedback collected from different stakeholders-
2021-22

Sr. No	Feedback received from	Feedback Analysis	Action taken in IQAC Meeting
1	Students	To use ICT tools for teaching	The IQAC intimated to all teachers to increase the ICT while teaching
		There should be In plant training at least for few days -Practical should be in more demonstration form	At least one industrial visit should be organized regularly and gradually increased every year in the companies already signed MOU with us *For that separate tool box provide to students to demonstrate
2	Teachers	The college library has adequate books of subject	The IQAC has taken decision to increase books in library.
3.	Alumini	Content other than syllabus should be there	<ul style="list-style-type: none">To bridge the curriculum gap and achieve all Course outcomes, all faculty members must teach content that beyond the curriculum with current innovative trends All students should be encouraged and motivated to attend the certification courses and value-added training courses by expert membersStudents are advised to participate in Swayam/NPTEL,etc for upgradation of skills
4.	Parents	Students should aware about current trend in the market	To make awareness among students we are regularly arranging expert talks for the students.
