## Induction Programme and Bridge Course First Year 2023-2024

### Report

**Aim:**

The Induction Programme is intended to facilitate the academic, cultural and social adjustment of the first year commencing students.

MIT CIDCO organizes “Induction Programme” for the first year students every year. The objective of the programme is to formally welcome the newly arrived students to MIT CIDCO family and assist them in starting their academic journey at MIT CIDCO, in view of this “Induction Programme” for parents and students of BCA, B.Sc.(CS/IT) , B.Sc. (Auto/WT/RAC) first year was organized on July 12, 2023. The programme started with the welcome and video clip showing Introduction, Vision and Mission of MIT CIDCO.

The coordinator of this Induction Program Asst. Prof. Sushama Sapkal, welcome and introduced the courses to the students. The students were made aware of various departments, committees, facilities given by the college, curricular and extracurricular activities etc. and at the end she informed about discipline and Etiquettes & other official formalities.

The Vice Principal of MIT CIDCO Dr. Mahendra H. Kondekar, delivered the welcome address. In his speech, he made the students understand the value of life and the responsibilities of the student. He focused on the fact that students should start thinking on their own that will imbibe the sense of responsibility in them which will lead them towards a successful career. With holistic approach he emphasize that students should also participates in extracurricular activities along with study for overall developments. He also encouraged the students to develop various qualities by participating through various events. He also informed students about bridge course which will be conducted next 3 days. Lastly he wished them for great success.

Asst. Prof. S.W. Quadri HOD computer Science & IT has given information about the Computer and Information Technology departments, similarly there after Asst. Prof. Vaibhav Joshi HOD Of Bsc. (Auto/WT/RAC) and HOD Of BCA Department Dr. Sheetal Chavan has given information about various activities conducted during the year in their respective departments. Under Training and Placement Cell she conveys details of the various placements opportunities to the students.

All HOD's and Parents

One Quiz competition was taken online on Kahoot application prizes given to 1<sup>st</sup>, 2<sup>nd</sup>, and 3<sup>rd</sup> ranker. At the end of the program Vote of Thanks given by the Asst. Prof. Neha Sahuji.

**NAME OF EVENT: Industrial Visit at Dhoot Motors (Service Center), Jalna Road Aurangabad**

**DATE: Thursday, 17<sup>th</sup> August 2023**

**Report**

An **Industrial Visit** to Dhoot Motors (Service Center), Jalna Road Aurangabad was organized for the students of B.Sc. Automobile & Workshop Technology. In which 20 students from the institute along with two faculty Members, Asst. Prof V.V. Joshi and Asst. Prof. S.H. Kolhe from the institute. The visit was coordinated by the core team member Mr. Suraj Kumar Service Head helped the students to make this visit possible.

All the students and the faculties gathered at the workshop at 10.30 a.m. Firstly a brief introduction about Volks Wagen and the workshop was given by Mr. Suraj Kumar. After that there was a Question Answer session in which the students as well as the Faculties asked different questions they had regarding the service center. After that the students and the respected Faculties were taken inside the service center guided by the representatives accompanied by the service center team. The workshop was neat, well managed and disciplined. Different tasks were allotted to different members. There were separate areas allocated for specific tasks like wheel alignment, brake test, paint job, engine testing etc. All the tasks were done in very systematic way. When a car comes for anything, the general inspection is done and after that it is sent to the specific area where it is checked and serviced very nicely. After all the testing and checking the car is sent back to the customers.

The students were taken to each and every section of the workshop and were shown and given brief information about every job done there.

The visit ended with the group photo session of the students and the respected faculty advisors present at the Dhoot Motors (Service Center). All the students and the faculties were thankful to Dhoot Motors to provide their valuable time to arrange the visit.

## Report

### Educational Visit to Data Center, Government College of Engineering, Aurangabad

#### Theme- "Network Setup and its Security"

Students of MSc(CS) & MSc(IT) visited to Data Center, Government College of Engineering, Aurangabad on 15<sup>th</sup> Sept. 2023. The students get aware about the network, internet and its security related issues. The various network cables, devices, firewalls, servers are shown to the students and explained the following concepts -

1. To create network using cables and switches
2. To join multiple networks in one switch.
3. To configure switches for Multiple LAN
4. To do setup for wireless hotspots
5. To configure hardware firewall and manage network through one place
6. To install and manage Switches and internet through firewall.
7. To establish campus wide network and portal for the video lectures of IIT Kharagpur
8. To manage mail server

Students were very happy with the visit and learned something which is extra from curricular activities. They enjoyed the two different sessions in a day.

MIT CIDCO College organized **One Day Workshop on "Cyber Security and Cyber Awareness"** under the Department of Bachelor of Computer Applications (BCA), on **25<sup>th</sup> September 2023**. The Resource Person is Dr. Charansing N. Kayte, HOD and Assistant professor, Government Institute of Forensic Science, Aurangabad. Coordinator of the workshop Dr. Sonal Bachhao, welcomed the guests with his introduction. Dr. Mahendra Kondekar, Vice Principal, MIT, Cidco felicitated the guests.

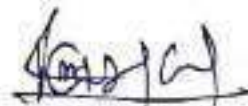

The session saw an overwhelming response with 110 students from B.Sc/BCA second year and Third year. The session started with discussion about the latest cyber crimes being committed around the country.

During this workshop students learned about basic concepts of cyber security and various sections in Cyber law related to cyber crimes. Dr. Kayte shared many live examples and discussed real case studies related to Cyber-attacks and cyber-crime with students. It was an informative workshop, which was truly appreciated by participants

Respected Sir,

Greetings of the Day!!!!

With reference to the subject cited above, MIT Cidco is organizing one day workshop on "Cyber Security and Cyber Awareness". The event is scheduled on 25<sup>th</sup> September 2023 at MIT CIDCO, Aurangabad.

The aim of the workshop is to provide knowledge and aware about the cyber crimes. We would be honored to invite you as a resource person for the workshop.

Kindly accept the invitation and enlighten our students.

Thank you for considering our invitation.

Sub : Heartfelt Gratitude for Being Resouce Person for "One day Workashop on  
Cyber Security & Cyber Awareness".

Respected Sir,

I hope this letter finds you in good health and high spirits. On behalf of "Marathwada Institute of Technology CIDCO", I would like to express our sincerest gratitude for excellent presentation and hands-on on Cyber Security and Cyber Awareness. Thank you for giving your valuable time and sharing an important knowledge with our students. You have played your role nicely; hence you are great role models for our students.

There are many positive comments about the knowledge, expertise and quality of your presentations.

Thanking you.

The Department of Bachelor of Computer Applications (BCA), MIT CIDCO College organized C/C++ Programming Contest on September 22<sup>nd</sup>, 2023. The competition was divided into two rounds: a Multiple Choice Questions (MCQ) round and a Coding round. The event commenced with the gracious presence of the Dr. M. H. Kondekar, Vice Principal, Dr. Sonal Bachhao, HOD and was co-ordinated by Asst. Prof. Abhijeet Jadhav.

#### Contest Details:

##### MCQ Round:

The first round of the programming contest was the MCQ round. This round was designed to test the participants' theoretical knowledge of C/C++ programming concepts. This round consist of 30 Question with each question graded with 1 mark.

##### Coding Round:

The second round of the contest was the Coding round, which tested the participants' practical programming skills. Contestants were required to solve two challenging programming problems within a specified time frame using C/C++ as their programming language. Each successful executed problem graded with 25 marks.

##### Contest Rules:

1. Minimum 50% score required in first round to qualify for the second round
2. Participant will not appear for the second round unless he/she clear first round.

##### Winners:

First Prize: Vedant Bandesh Davhare

Second Prize: Sominath Chandrakant Ginare

Third Prize: Ganesh Ambadas Udamale

Dr. Mahendra Kondekar, Vice Principal, MIT CIDCO Congratulate all Winners. The event ended with prize distribution.

## Poster Presentation 2023-24.

Marathwada Institute of Technology Cidco, BCA(Management Science) department had organized poster Presentation competition cum exhibition on the occasion of One day workshop on "Entrepreneurship Development Program" on 4<sup>th</sup> October 2023. The said event was a great success, some highlights of the event are listed below,

18 posters were displayed in the exhibition around 32 students participated the Poster presentation competition.

Our faculty members along with team conducted this competition. Panel of judges were Hon'ble Mr. Mansing Pawar and Hon'ble Prof. Munish Sharma. finalized the result on the basis of the contents and presentation given by the students. These students were awarded with special prizes from the college.

## B.Sc. AT-WT-RAC Department

Academic Year 2023-24

**Title : One Day Workshop on "CNC-Programming"**

**Date : 06-10-2023**

**Venue: CIPET, Aurangabad**

B.Sc. AT-WT-RAC Department had organized a one day workshop on "CNC Programming and Hands on Experience" for S.Y. & T.Y students on 06-10-2023 (Friday) in Central Institute of Plastics Engineering and Technology (CIPET) Aurangabad. Total 24 students and 3 faculty members were attended this program. This workshop was co-ordinated by Asst. Prof.. V.V. Joshi (HOD, B.Sc. AT-WT-RAC Department

The main objective of the workshop was not only to teach the students on how to operate a CNC machine and how to do programming for a machine, but also to make them aware of the newer machining technologies.

The workshop was carried out in one day. The Workshop starts with an introductory session in which a warm introduction about the topic is being delivered by **Mrs. Mosam Chaudhari**, HOD & Sr. Technical Officer, VITS, CIPET Aurangabad. **Mrs. Geetabali Bhise**, Administrative Assistant & **Mr. Debashish Suryabansi** Asst. Technical Officer at CIPET, Aurangabad

Administrative Assistant at Central Institute Plastics and Engineering Technology Aurangabad

The theoretical session had been covered at classroom and practical session had been conducted at shop floor. The main topics covered in the workshop were G and M codes, Programming, and machining on CNC Lathe and Milling. Plastic Molding Operations, Plastic Degradable Process. This was a very new experience for all of the students and also they got to learn many new things regarding their field.

The Department of CS & IT [PG], MIT College, CIDCO, Aurangabad recently organized an insightful hands-on workshop on **PC Assembling** for first year BCS, BSc IT and BCA students on 17th October 2023 02:00PM at C7 Hall. The one-day workshop was hosted by **Mr. Vikki Kshirsagar**.

The workshop held in the college auditorium started with Mr. Kshirsagar explaining the key computer hardware components like motherboard, CPU, RAM etc. and their roles through presentations.

This was followed by a live demonstration on systematically assembling a complete PC from scratch using all the required parts and accessories.

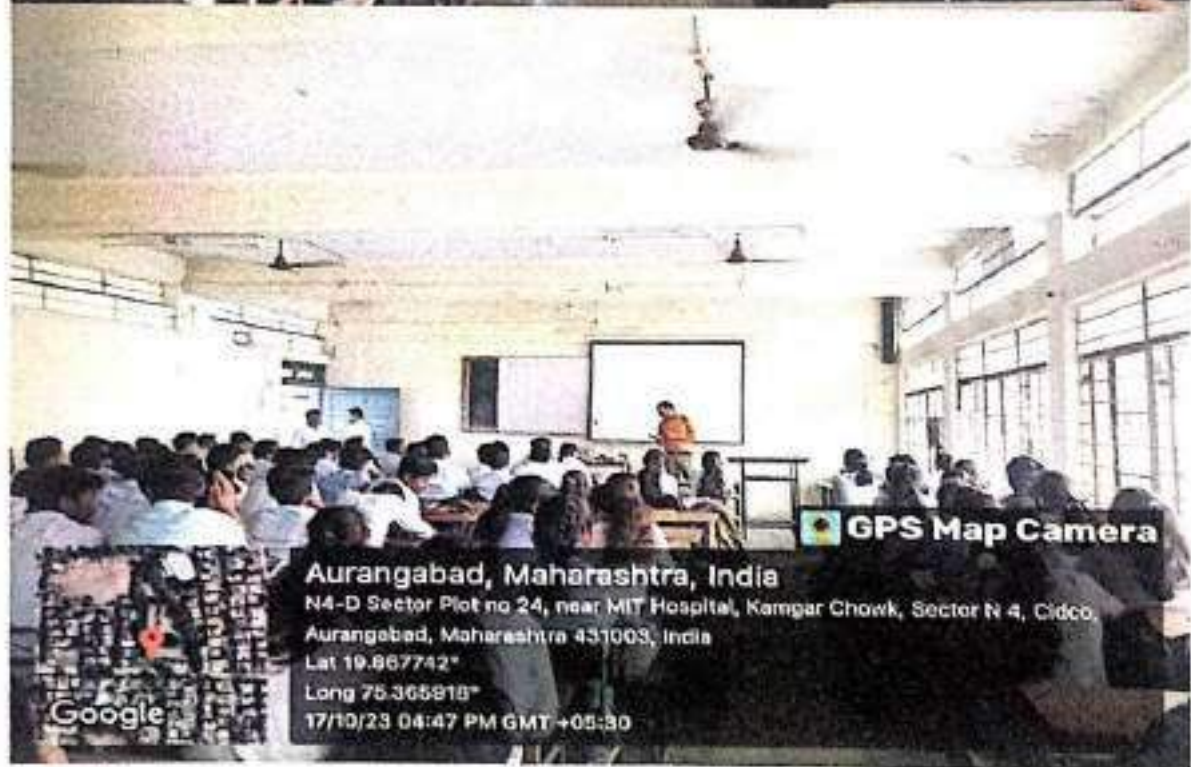

The first year students keenly participated in building their own PCs under the supervision of the host. The practical session enabled them to gain valuable hands-on experience in computer hardware and end-to-end PC assembly.

Overall, the workshop organized by the Dept. of CS and IT [PG] exposed the BCS, BSc IT and BCA first year students to essential computer hardware knowledge and skills in assembling PCs

**Educational visit of Students of MIT CIDCO to Department of Computer Science and IT, Dr. Babasaheb Ambedkar Marathwada University.**

**Date: 19<sup>th</sup> October 2023**

Educational visit of UG and PG Students of Department of CS and IT of MIT CIDCO was organized on 19<sup>th</sup> October 2023. The visit was organized with coordination and permission of head of the department Dr. Ramesh Manza, Dr. Sachin Deshmukh and Dr Bharti Gawali, Senior Professors of Department of Computer Science and Information Technology. Students of PG and UG have taken part in the visit and four staff members accompanied the students.

The Department of Computer Science and Information Technology was established in June, 2001. The Department is not only working academically but also performing many Co-Curricular activities.

Research Projects under Bio-Medical Image Processing, Human Computer Interactions, System Communication, Machine Learning and Computational psycholinguistics, Remote sensing etc are ongoing and also in pipeline in the department.

Students got information about ongoing research from the research students working in different research domains namely Speech Processing, Pattern Recognition, Artificial Intelligence, Human Computer Interfacing, Biometrics and Security, Knowledge Engineering, Software Engineering and Testing, Computational Psycho-Linguistic, Brain Computer Interfacing, Image Processing & Analysis, Computer Networking, Data Mining and Data Warehousing, Remote Sensing, GIS, Natural Language Processing under Multimodal Biometric Research Laboratory, Geospatial Technology Research Laboratory, Hyperspectral Laboratory in the department.

The students were given a brief about current research trends and technologies used in Computer science by Assistant Professor and research guide Dr. Mukta Dhopeshwarkar Madam.

Research scholars including Dipali Chaudhari, Ramdas Gore, Pravin Dhole and others explained the working of different data collection devices and also cleared doubts expressed by students.

Principal Dr. Mahendra Kondekar has given support and motivation due to which the educational visit was successful.

## Report On

### University Level Aavishkar 2023-24 Competition

The University Level Research Project Competition AVISHKAR 2023-24 held on 3<sup>rd</sup> & 4<sup>th</sup> January 2024 at Dr. Babasaheb Ambedkar Marathwada University, Aurangabad. An objective of this competition is to inculcate the research culture among the students and encourage them further to convert their ideas into physical reality. Through this competition students get the platform to represent them. Innovative projects were invited from students of UG, PG, PPG as well as teachers.

Total 9 students of MIT CIDCO have actively participated in AVISHKAR research competition under different categories. All projects in different categories were evaluated by renowned experts in their field.

Maharashtra University of Health Science, Nashik has been organized state level inter-university Research Convention for Students from 12<sup>th</sup> January 2024 to 15<sup>th</sup> January 2024 for participants selected in university level. **Mr. Kavya Bardiya, student of B.Sc(IT)-First year has been selected for Maharashtra State Inter-University Research Convention.**

Coordinator Dr. Sonal Bachhao has guided the students for the competition. We are thankful to the principal Dr.Mahendra Kondekar sir for motivating the students for University Level Research Project Competition AVISHKAR 2023-24. The students definitely benefited by this competition.

**Report on****Industrial visit at TechHomage Technologies Pvt. Ltd, Chh. Sambhajnagar****NAME OF EVENT:** Industrial visit at TechHomage Technologies Pvt. Ltd, Chh. Sambhajnagar**DATE:** Friday, 5<sup>th</sup> Jan 2024**Coordinator:** Dr. Sonal D. Bachhao

Industrial visit has its own importance in a career of a student who is pursuing a professional degree. It is considered as a part of college curriculum. The main objective of industrial visit is to provide students an insight of the practical applications of what they are learning in theory. It provides students with an opportunity to learn practically through interaction and working methods.

Keeping in view the same, BCA Department, MIT College, CIDCO, Chh. Sambhajnagar, provided a golden opportunity to students to visit TechHomage Technologies Pvt. Ltd. Chh. Sambhajnagar on 5<sup>th</sup> Jan 2023. TechHomage Technologies offers IT services including website, application software development and digital marketing. The main objective of visit was to provide practical information of different project as well as laboratory equipments.

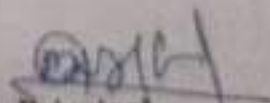

The students showed their interests and actively participated in the visit.

## **REPORT ON ELOCUTION COMPETITION**

**DATE: 12/01/2024**

An elocution competition was organized by MIT CIDCO on the auspicious occasion of Rajmata Jijau and Swami Vivekananda Jayanti, program was started by worship Idols and lightening the lamp. This competition served as a platform for students to articulate their thoughts and showcase their oratorical skills. The event not only celebrated the remarkable individuals but also encouraged students to explore into the wisdom imparted by Rajmata Jijau and Swami Vivekananda. A total of 11 students from various classes enthusiastically participated in the competition, showcasing their oratory skills and insightful interpretations of Swami Vivekananda's teachings.

The event was coordinated by Asst. Prof. Ranjay Kale and Asst. Prof. Sushama Sapkal, who played instrumental roles in organizing and guiding the students throughout the competition. Their commitment and dedication ensured the smooth conduct of the event and helped students prepare effectively.

The President of the program Dr. Mahendra Kondekar Congratulate winners and runner up students and motivate all the students to participate such type of competitions.

Guest and judge of Competition Ms. Anaya Dandvate, Member of Swami Vivekanand Kendra delivered an inspiring address, highlighting the importance of incorporating Swami Vivekananda's values of self-discipline, knowledge, and service to humanity.

The judging panel evaluated the participants based on content, delivery, and overall presentation. After careful consideration, winners were announced, recognizing outstanding performances by **Vaishnavi Bulange** BCA I Yr. student who delivered compelling speeches on the topics of "Rashtramata Jijau".

The event was gracefully anchored by B. Sc. IT II Yr. student Rutuja Thorat, who ensured a smooth flow of competition.

**Report on One-Day Workshop and Expert Talk on Gender Equality**

**Date: 13/01/2024**

A one-day workshop and expert talk on the crucial topic of "Gender Equality" was organized at Marathwada Institute of Technology CIDCO by Women Empowerment Cell. The event aimed to promote awareness and understanding of ethical values, morals, and address contemporary issues, including the impact of mobile addiction among the younger generation and the misuse of social media.

The workshop commenced with an insightful discussion on the importance of ethical values and morals in fostering a harmonious society. Participants engaged in interactive sessions, exploring ways to instill these values in daily life, promoting respect, empathy, and inclusivity.

Dr. Roshan Ranade, member of SAKAR foundation, delivered an eye-opening speech on the growing concern of mobile addiction among the younger generation. Attendees gained valuable insights into the psychological aspects of excessive screen time, effects of mobile addiction and learned practical strategies to address and mitigate this issue. The workshop also focused on the misuse of social media platforms and its impact on gender dynamics.

Mrs. Vaishali Awalgaokar executive member of SAKAR foundation discussed the need for responsible online behavior and emphasized the role of educators and parents in guiding the youth toward ethical and positive digital engagement.

MSW students played beautiful act on Gender Equality.

Dr. Mahendra Kondekar, as the President of the program, shared valuable insights into the broader societal implications of gender inequality and ways to address these issues.

The event was anchored by Asst. Prof. Sushama Sapkal, who ensured a smooth flow of discussions and interactions.

The one-day workshop proved to be a significant milestone in addressing contemporary challenges related to gender equality, ethics, and the responsible use of technology. The expert talks and interactive sessions facilitated a deeper understanding among participants, empowering them to contribute positively to societal change. The commitment of the institution to fostering a culture of respect and equality was evident throughout the event.

**NAME OF EVENT: Industrial Visit at Miconix Calibration Center, Cideco, Chh. Sambhajinagar**

**DATE: Monday, 05<sup>th</sup> February 2024**

**Report**

An **Industrial Visit** to Miconix Calibration Center, Cideco, Chh. Sambhajinagar was organized for the students of B.Sc. Second Year Automobile Technology & Refri. and AC. Miconix Calibration Lab is accredited by NABL and is well equipped with the most sophisticated and up-to-date calibration equipment. Qualified and well trained staff takes utmost care for calibration of all parameters of slip gauges, Vernier Caliper, Dial gauges.

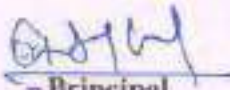

In the visit 15 students along with two faculty Members, Asst. Prof V.V. Joshi and Asst. Prof. S.H. Kolhe from the institute. The visit was coordinated by Mr. A. S. Khan Sir, helped the students to make this visit possible. All the students and the faculties gathered at the Calibration Center at 2:00 p.m. Firstly a brief introduction about Miconix Calibration Center was given by Mr. Khan Sir.

After that the students and the respected Faculties were taken inside the Calibration room guided by the Mr. Sane Sir. The students were taught about the Measurement Instrument like Slip gauges, Vernier Caliper, Dial Indicator, GO NOGO Thread gauges. Ring gauge as well as the entire process of Calibration operations.

After that there was a Question Answer session in which the students as well as the Faculties asked different questions they had regarding the operations & products.

**Event Name: - Seminar on "Modern Approaches to Automobile Vehicle Servicing"**

**Date: - 07 February 2024 (Wednesday)**

**Venue: - Marathwada Institute of Technology, CIDCO, Chh. Sambhajinagar**

**Key Speaker :- Mr. Lakhan Kaperavenollu (Service Manager-Mutha Motors (TATA) Chh. Sambhajinagar)**

The Seminar on "Modern Approaches to Automobile Vehicle Servicing" was held on February 7, 2024, at Marathwada Institute of Technology, CIDCO, Chh. Sambhajinagar. Organized by the B.Sc. AT-WT-RAC Department of the institute, the seminar aimed to shed light on contemporary techniques and methodologies in the realm of automobile servicing.

Mr. Lakhan Kaperavenollu, the Service Manager at Mutha Motors (TATA) Chh. Sambhajinagar, graced the event as the key speaker. With his extensive experience in the automotive industry, Mr. Kaperavenollu brought valuable insights and practical knowledge to the seminar.

Mr. Kaperavenollu discussed the impact of emerging technologies such as artificial intelligence, machine learning, and IoT in the field of automobile servicing. He elaborated on how these technologies are revolutionizing diagnostics, predictive maintenance, and customer service. He focused on various approaches to enhance the efficiency of vehicle servicing operations. Techniques like lean management principles and optimized workflow were highlighted as means to streamline processes and reduce turnaround time. Ensuring quality in automobile servicing is paramount. Mr. Kaperavenollu shared insights into modern quality assurance practices, emphasizing adherence to industry standards, rigorous inspection protocols, and continuous training of service personnel. In today's competitive market, a customer-centric approach is crucial for service providers. The seminar addressed strategies for building long-term customer relationships through personalized services, effective communication, and prompt resolution of issues. Following the presentation, an interactive session was held where attendees had the opportunity to engage with Mr. Kaperavenollu directly. Participants raised pertinent questions, seeking clarification on various aspects of modern automobile servicing. The seminar served as a platform for knowledge exchange and networking among industry professionals, academicians, and students. The insights shared by Mr. Lakhan Kaperavenollu provided valuable guidance for adopting modern approaches to automobile vehicle servicing, ultimately contributing to the advancement of the automotive industry. The organizers extend their gratitude to Mr. Lakhan Kaperavenollu for his insightful presentation and all attendees for their active participation, making the seminar a resounding success.

Academic Year 2023-24

**Event Name:** - "Technovision 2k24" Poster Presentation Competition on "A Glimpse of TechWorlds"

**Date:** - 12 February 2024 (Monday)

**Venue:** - Marathwada Institute of Technology, CIDCO, Chh. Sambhajinagar

The purpose of a Poster Presentation Competition on the theme of "A Glimpse of TechWorlds" is to provide a platform for individuals to showcase their understanding, research, and innovative ideas related to various technological domains. This theme encourages participants to explore and present advancements, trends, and future prospects in the rapidly evolving world of technology.

The competition was organized for All students of B.Sc. Auto. Tech., Work. Tech., BCA, B.Sc. CS and IT department. A total of 24 students (14 groups) were participated in this activity.

The event commenced by introducing referee and participants by Dr. Sonal Bachhao(HOD, BCA Dept.). Asst. Prof. Madhuri Girase (Coordinator) and Asst. Prof. V. V. Joshi (Coordinator) introduced The theme of the competition was "A Glimpse of TechWorlds". The main objective of the competition was to ignite the fire of imagination and creativity in the students. Students were asked to express their ideas through drawing, sketches and many more. Students displayed their artistic skills through an array of posters with immense enthusiasm and made beautiful posters which described how technology can help society in various sectors and also help in rapid economic growth and citizen empowerment across the globe. All poster's theme describes that how technology can empower every citizen with access to digital services, knowledge and information.

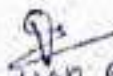

All posters were evaluated by our judges –

1. Dr. Dipak V. Nehate (Mech. Engg. Department, MIT, Satara, Chh. Sambhajinagar),
2. Dr. Shubhashree Savant (MCA Department, MIT, Satara, Chh. Sambhajinagar),
3. Prof. Shirkant Menkudle (MCVC Department, MIT, CIDCO, Chh. Sambhajinagar),
4. Asst. Prof. Ranjay Kale (IQAC Coordinator, MIT, CIDCO Chh. Sambhajinagar)

Judges had announced three winners group and one consolation prize. The Competition was concluded by presentational speech concluded by Vice Principal Dr. Mahendra Kondekar and a vote of thanks given by Asst. Prof. Madhuri Girase (Coordinator). The competition was a great success and memorable learning event for the students.

**Winners of the competition were:**

1	Ranjeet Anil Shrivastava	Innovations in Human Resource Management	BCA FY	First Prize 701/-
2	Prerna .B. Thorat Ravi Babasaheb Sotire	Strategic Marketing in the Age of Social Media	BSc (IT)-FY	Second Prize 501/-

## Notice

All the students of B.Sc.(CS), B.Sc.(IT), BCA, B.Sc(Auto/WT/RAC ) of class FY, SY, TY are hereby informed that MIT, Cidco-N4 has organized a **Poster Presentation Competition**

*Technovision 2K24*

on <sup>12</sup>3<sup>rd</sup> February 2024, 10.00 am to 1:00pm. You have to create a poster only on the given topic. Guides are allocated according to the subjects. However, all students should contact respective guides as per subject selection by students and enroll your names with concern guide on or before 28<sup>th</sup> January 2024. Due to lack of space only 50 entries will be entertained. Exhibition of these **Poster Presentation** will be held on 3<sup>rd</sup> February 2024, 10.00 am to 1:00pm.

- **Entry Fees : Rs. 50/- per Student**
- **Prizes for selected Posters/Wallpapers are:**

**I<sup>st</sup> Prize : Rs.701/-**

**II<sup>nd</sup> Prize : Rs. 501/-**

**III<sup>rd</sup> Prize : Rs.301/-**

➤ **Rules for designing Poster/wallpaper :**

- ✓ First 50 Posters will be considered.
- ✓ A Team of Maximum two Student can participate for a Poster Presentation
- ✓ Student should use card sheet Paper of standard size.
- ✓ Student can draw Images or Stick Stickers.
- ✓ Wallpapers should be readable from distance.
- ✓ Topic name should be mentioned on top center of Wallpaper.
- ✓ Don't mention name of student/Class /Guide name on poster/wallpaper.
- ✓ Judgment Criterion Shall be Creativity, Design, Clarity, Contents and Presentation.
- ✓ Make a note that you have to submit it till 1<sup>st</sup> February 2024.

**Seminar Report on Women's Health, Hygiene, and Safety**

**Date: 08/03/2024**

The Women's Empowerment Cell (WEC) of Marathwada Institute of Technology CIDCO organized a seminar focusing on women's health, hygiene, and safety. The seminar aimed to educate girls students on maintaining personal health, ensuring safety, and promoting hygiene practices among women.

The keynote speaker for the seminar was Dr. Nilima Pandey, an expert in Women's health and wellness (Director of SAKAR foundation) and Mrs. Vaishali Awalgaokar emphasized the importance of adopting healthy lifestyles, practicing self-care, and prioritizing mental well-being to achieve overall health and vitality.

### Topics Covered:

**Becoming Healthy:** Mrs. Vaishali Awalgaokar executive member of SAKAR foundation highlighted the significance of regular exercise, balanced nutrition, and adequate sleep in promoting women's health. She provided practical tips on incorporating healthy habits into daily routines and encouraged attendees to prioritize their well-being.

**Ensuring Safety:** in the seminar Dr. Nilima Pandey addressed safety concerns faced by women in various settings. Strategies for staying safe in public spaces, preventing harassment, and recognizing warning signs of abusive relationships were discussed. Participants were empowered with knowledge and resources to protect themselves and seek assistance if needed.

**Maintaining Personal Hygiene:** The importance of personal hygiene in preventing infections and diseases was underscored. Ms. Vaishali shared best practices for maintaining cleanliness, including proper handwashing techniques, menstrual hygiene management, and skincare routines tailored to individual needs.

**Conclusion:**

The seminar on women's health, hygiene, and safety organized by WEC was a resounding success, thanks to the insightful presentations, interactive discussions, and expert guidance provided. Attendees left the seminar feeling empowered and equipped with the knowledge and tools to prioritize their health, safety, and well-being in their daily lives. The event served as a valuable platform for fostering awareness and promoting positive health outcomes for women in the community.

Dr. Mahendra Kondekar, Vice Principal as the President of the program.

The event was anchored by Asst. Prof. Sushama Sapkal, who ensured a smooth flow of discussions and interactions.

## Program Report On "India's Techade: Chips for Viksit Bharat"

### Introduction:

MIT College CIDCO organized a live telecast program of "India's Techade: Chips for Viksit Bharat" event on March 13, 2024, where Prime Minister Narendra Modi laid the foundation stone for three semiconductor projects worth ₹1.25 lakh crore. This report provides a comprehensive account of the program, covering its objectives, agenda, participation, key highlights, impact, and future implications.

### Objectives:

The primary objective of organizing the live telecast program was to create awareness and foster engagement among students, faculty, and staff regarding the significance of India Semiconductor Mission and the transformative potential of semiconductor projects in the country. The program aimed to elucidate the role of technology, innovation, and skill development in driving India's growth as a global leader in semiconductor manufacturing and technology development.

### Agenda:

The program commenced at 9:30 AM with an inaugural session, where the institute's authorities highlighted the importance of the event and its relevance to the academic community. Subsequently, the live telecast of Prime Minister Modi's address and the foundation stone-laying ceremony commenced at 10:30 AM. Following the telecast, the institute organized interactive sessions, panel discussions, and technical workshops to facilitate deeper insights into semiconductor technology, industry trends, and career opportunities.

### Participation:

The program witnessed active participation from students, faculty members, and staff of MIT College CIDCO, as well as students and professionals from other educational institutions and industry organizations. The event attracted a diverse audience representing various disciplines, including engineering, computer science, electronics, and management. Notable dignitaries, government officials, industry leaders, and representatives from the semiconductor sector also attended the program, contributing to its success and significance.

### Key Highlights:

**Prime Minister's Address:** Prime Minister Narendra Modi's address underscored the strategic importance of semiconductor projects in realizing India's vision of self-reliance, technological advancement, and economic growth. He emphasized the government's commitment to fostering innovation, entrepreneurship, and skill development in emerging technologies.

**Foundation Stone Laying:** The symbolic foundation stone-laying ceremony for three semiconductor projects symbolized a significant milestone in India's journey towards achieving semiconductor manufacturing excellence. The projects, strategically located in Dholera, Sanand, and Morigaon, are poised to revolutionize the country's semiconductor ecosystem and propel it onto the global stage.

**Industry Insights:** Renowned experts and thought leaders from the semiconductor industry shared valuable insights into the technological advancements, market dynamics, and future prospects of the semiconductor sector in India and globally. They highlighted the opportunities and challenges associated with semiconductor projects and underscored the need for collaborative initiatives to realize their full potential.

**Students and faculty members watching the program**

**Faculty Engagement:** The live telecast program of "India's Techade: Chips for Viksit Bharat" event witnessed active participation from faculty members of MIT College Cidco, including senior and junior faculty members. Notable dignitaries present at the event included Dr. Kondekar Mahendra, Principal of MIT College Cidco, along with esteemed faculty members such as Asst. Prof. Ranjay Kale, Dr. Bachhao Soral, Mrs. Sapkal Sushma, Mr. Kadam Bhaskar, Shri. Vyavhare Shantanu, Shri. Joshi Vaibhav, Mr. Madhukar Shivaji, Mr. Kalaskar Onkar, Mr. Jadhav Abhijeet and Mr. Khan Mustafa Nadeem. Their presence and active participation added immense value to the program, enriching the discussions and interactions.

**Student Engagements:** A total of 82 students actively participated in the live telecast program, demonstrating their keen interest and enthusiasm for the semiconductor projects and their implications for India's technological advancement. The students engaged in interactive sessions, workshops, and discussions, where they had the opportunity to learn from industry experts, showcase their projects, and explore career opportunities in the semiconductor domain. Their active involvement contributed to the vibrancy and success of the program, reflecting their commitment to leveraging technology for national development and growth.

### Impact:

The live telecast program had a profound impact on the participants, instilling a sense of pride, enthusiasm, and optimism about India's semiconductor mission. Students and faculty members gained valuable insights, knowledge, and inspiration from the event, which sparked conversations, collaborations, and initiatives aimed at leveraging semiconductor technology for societal benefit. The program also catalyzed partnerships between academia, industry, and government, fostering a conducive ecosystem for innovation, research, and development in the semiconductor domain.

### Future Implications:

The success of the live telecast program underscores the importance of continued efforts to promote awareness, education, and research in semiconductor technology. MIT College CIDCO remains committed to supporting initiatives that drive technological innovation, entrepreneurship, and inclusive growth in alignment with the government's vision and national priorities. The institute will continue to collaborate with stakeholders across academia, industry, and government to harness the transformative potential of semiconductor projects and contribute towards building a technologically advanced and self-reliant India.

## Report On

### Expert Talk on " Problem solving through programming in 'C' "

Name of the Event: Expert Talk on "Problem solving through programming in 'C' "

Date : 19<sup>th</sup> March 2024

KeySpeaker: Dr. Shubhashree Savant, Asst. Prof. MCA Dept.  
Maharashtra Institute of Technology, Aurangabad.

President: Dr. Mahendra H. Kondekar

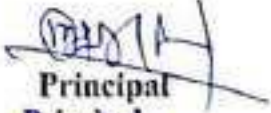

Coordinator: Dr. Sonal D. Bachhao

**Objective:** The objective of the expert talk is to upgrade the programming skills of students. The major objective was to enlighten the students about the scope of programming in project development.

**Program Overview:** An Expert Talk was organized on topic **Problem solving through programming in 'C'** on 19<sup>th</sup> March 2024. The resource person for the talk is Dr. Shubhashree Savant, Assistant professor, Marathwada Institute of Technology. The session started from 10:30 am to 01:30 pm at seminar hall. Expert talk was attended by 90 students of computer science, IT and BCA department. The expert gave the basic knowledge of Programming and how it can be used in software development. The expert also gave practical demonstration of concepts in C programming. The session was concluded by solving the student's query and discussing the future scope. Vote of Thanks delivered by Dr. Sonal Bachhao.

Subject : Invitation as a Resource person for Expert Talk on "Problem solving through Programming in 'C' "

Respected Madam,

Greetings of the Day!!!!

MIT Cidco is inviting you as a resource person for Expert talk on "Problem solving through Programming in 'C' ". The event is scheduled on 19 March 2024 at 10:30AM in MIT CIDCO.

The aim of the Expert talk is to upgrade the programming knowledge of students.

We would be honored to have your presence and support. Kindly accept the invitation.

Thank you for considering our invitation.

**G.S.Mandal's**

**Marathwada Institute of Technology, CIDCO, Chh. Sambhajinagar**

**B.Sc. AT-WT-RAC Department**

**Academic Year 2023-24**

Event Name: - **Seminar & Demonstration on "Electric Vehicle-Future vehicle"**

**Date:** - 23 March 2024 (Wednesday)

**Venue:** - Marathwada Institute of Technology, CIDCO, Chh. Sambhajinagar

**Key Speaker :-** Mr. Amol Gadekar (Service Manager-Mahindra EV Chh. Sambhajinagar)

Mr. Afroz Shaikh (Technical Manager-Mahindra EV Chh. Sambhajinagar)

The Department of B.Sc. AT-WT-RAC organized a **Seminar & Demonstration on Electric Vehicles** on Wednesday, 23<sup>rd</sup> March 2024 for First, Second and Final year students. **Mr. Amol Gadekar** (Service Manager-Mahindra EV) & **Mr. Afroz Shaikh** (Technical Manager-Mahindra EV) was invited as a resource person for the seminar. The seminar introduced the students to the basics of electric vehicles and their future perspectives. Mr. V.V. Joshi (HOD) elaborated the objectives of the seminar and introduced the resource person during the inauguration.

Mr. Amol Gadekar shared the history of EV development in India and explained the need for EVs and their benefits and drawbacks compared to conventional internal combustion engines. Further, he elaborated on EV driveline components and factors to be looked at the time of EV purchase. Battery charging and swapping technologies were also discussed along with the technical parameters. Also He shared the technological developments happening in India in the domain of Electric Vehicles.

Participants had the opportunity to observe different electric vehicle models showcased by Mr. Afroz Shaikh. He explained the key features, performance metrics, and charging capabilities of each vehicle, providing a hands-on experience for attendees. Selected attendees were offered test drives of electric vehicles to experience their smooth acceleration, quiet operation, and responsive handling first hand. This interactive session allowed participants to appreciate the driving dynamics and performance of EVs compared to conventional cars.

The session ended with a question-answer session and a vote of thanks.

**Academic Year 2023-24**

**Event Name: - Five Days Workshop on "Air Conditioning Maintenance and Testing"**

**Date: - 23 March 2024 (Wednesday) to 30 March 2024 (Wednesday)**

**Venue: - Marathwada Institute of Technology, CIDCO, Chh. Sambhajinagar**

**Key Speaker & Trainer: - Mr. Anil Gawade (Kuber Solutions, Chh. Sambhajinagar)**

Mr. Gaurav Giri (Kuber Solutions, Chh. Sambhajinagar)

Mr. Shaikh Mujeeb (Voltas Technician, Kuber Solutions, Chh. Sambhajinagar)

The five-day workshop conducted at Marathwada Institute of Technology, CIDCO, Chh. Sambhajinagar Coordination with Kuber Solutions, Chh. Sambhajinagar. The Main objective aimed to provide participants with comprehensive knowledge and practical skills in the maintenance and testing procedures related to air conditioning systems. The workshop covered various aspects, including troubleshooting techniques, preventive maintenance measures, and advanced testing methods.

The workshop on Air Conditioning Maintenance and Testing, with the primary goal of imparting comprehensive knowledge and practical skills to students. The workshop commenced with an introductory session providing insights into the fundamental principles of air conditioning systems and the components involved. Students gained an understanding of the importance of regular maintenance in ensuring optimal system performance and longevity. Throughout the workshop, emphasis was placed on preventive maintenance techniques, including hands-on demonstrations of tasks such as filter cleaning, coil inspection, and lubrication of moving parts.

As the workshop progressed, students delved deeper into troubleshooting methods, learning how to identify and address common issues encountered in air conditioning systems. Practical exercises enabled students to develop proficiency in diagnosing and repairing electrical, mechanical, and refrigeration-related faults. Advanced testing methods were also covered, with students gaining hands-on experience using specialized equipment such as pressure gauges and thermometers. They learned how to interpret test results and analyze system performance to identify potential areas for improvement.

Moreover, the workshop incorporated practical application sessions and case studies, allowing students to apply their newfound knowledge and skills to real-world scenarios. Through group discussions and presentations, students shared insights and strategies for effective problem-solving in air conditioning

maintenance and testing. The interactive nature of the workshop fostered engagement and collaboration among students, enhancing the overall learning experience.

Feedback from students highlighted the workshop's effectiveness in bridging theoretical knowledge with practical application, with many expressing appreciation for the relevance of the topics covered and the hands-on learning approach. Recommendations for future workshops included the continuation of similar training sessions, with opportunities for deeper exploration of advanced topics and specialized areas within air conditioning maintenance and testing. Overall, the workshop proved to be a valuable learning experience for students, equipping them with the skills and confidence needed to effectively maintain and test air conditioning systems in various settings.
